Dear Ms Wemberg
Last week I finally got my file from FBI - took them 2½ months for "censoring" (blacking out). Mostly tough - my troubles in getting lucrative defense jobs in the 50's as foreign born citizen. Economic is mentioned but not his activities as Nazi spy.
Why make a big project with the story. Like guessing if a book will make money -

How about serial story in a magazine or EFtown Zinbucks here?
In Wash. about JFK it seems all quiet — spending taxpayers money.

Very truly yours,

N. Kotzwinkle
